Case Log

<u>DATE</u>	<u>STAFF NAME</u>	<u>ACTION TAKEN</u>
10/16/2017	Ronald Union	Contact Performed
10/16/2017	Ronald Union	CV Violation(s) Found/Inspection Performed

<u>DATE</u>	<u>STAFF NAME</u>	<u>ACTION TAKEN</u>
10/16/2017	Ronald Union	Investigation in Progress
Upon arrival to this location, I performed an exterior property inspection, from the public right of way. I observed a vacant structure with extensive construction work already performed. I observed all the interior walls and ceiling area had been opened up (all the sheet rock had been removed), also there were exposed electrical wires through out the structure. I researched the permit history of this location, through the Amada system. I did not observed any active construction permits for this location. I contacted the two construction workers, and informed them they would have to stop working, due to there not being any active permits. I asked them to contact their supervisor, so I could speak to him. I spoke to Steve Johnson (Property Owner / 512-845-5026), who stated he and his partner are in the permit process with the City of Austin. I informed Mr. Johnson all construction work must stop, until all required permits are obtained and active. Mr. Johnson stated he understood, he also admitted to removing the sheetrock, due to numerous raccoons getting in-between the walls, and causing major damage to the structure.		
10/16/2017	Ronald Union	No Violation(s) Found/Inspection Performed
10/25/2017	Ronald Union	Follow-up Inspection
Upon review of the permit status of this location, there still is no evidence that the permit status has been started. I re-inspected this location, and confirmed no further construction work has been performed, since I first inspected this location on 10/16/17.		
10/25/2017	Lisa DeRoche	Information Update
Re-opened case at request of inspector.		
10/25/2017	Ronald Union	Information Update
I will send the notice of violation, as soon as the new owner information is updated, in the Amada system (please see attachments).		
10/25/2017	Ronald Union	Send CV Notice
11/29/2017	Ronald Union	Follow-up Inspection
Upon arrival to this location, I performed an exterior property inspection, from the public right of way. I did not observed any further construction work, being performed at this location. A permit search for this location, does not show any progress at the time of this inspection.		
I will review this complaint with ADM Reeves, for possible administrative hearing proceedings.		
11/29/2017	Ronald Union	Information Update
02/08/2018	Brian Eberwine	Send CV Notice

<u>DATE</u>	<u>STAFF NAME</u>	<u>ACTION TAKEN</u>
02/09/2018	Brian Eberwine	Follow-up Inspection
On 2-8-18, upon inspection, I observed a structure that had work performed inside. There is a contractor sign in the front yard. Upper Construction 512 730-0777 UpperConstruction.com Took photos and posted the notice of violations in the font yard.		
02/09/2018	Brian Eberwine	Posted
On 2-8-18, posted two notice of violations at the front yard.		
02/20/2018	Brian Eberwine	Information Update
On 2-20-18, a records check shows no active permits. The plan review is still expired.		
02/27/2018	Brian Eberwine	Follow-up Inspection
On 2-26-18, upon inspection, I did not observe any work being performed. the notice was still posted at the property. Records show no active permits. Took photos.		
02/27/2018	Brian Eberwine	Follow-up Inspection
On 2-17-18, I called the number posted on the sign in front of the property. Upper Construction 512 730-0777. I spoke to the owner Steve Johnson. He said he was working on the plan review as we were speaking. He apologized for getting off track on the property. They were having to reduce the size of the work to keep from triggering sprinkler system requirements. He said he plans to have the plans submitted by this Friday.		
03/19/2018	Brian Eberwine	Contact Performed
On 3-19-18, I called the owner. He said he found out he needed a structural plan and has an architect wrapping up this Wednesday so he can submit it.		
04/12/2018	Marco Ramos	Follow-up Inspection
Upon inspection at this property, no work or construction can be seen from the exterior. As of today, April 12, 2018, no active permits or plan review are active or pending. The property will remain under a monitoring status until permits are active or if subsequent inspections yield no more work or violations. I will attempt to contact the owner on April 16, 2018.		
04/27/2018	Marco Ramos	Information Update
I spoke to Steve Johnson who stated that the new architects are submitting the plan documentation on Monday. I informed him that I am the new point of contact.		
06/04/2018	Michael Reeves	Supervisor Review

<u>DATE</u>	<u>STAFF NAME</u>	<u>ACTION TAKEN</u>

06/18/2019	Marco Ramos	Follow-up Inspection
No change has occurred at this location and an administrative hearing date is in the process of being assigned.		

<u>DATE</u>	<u>STAFF NAME</u>	<u>ACTION TAKEN</u>
06/18/2019	Marco Ramos	Information Update
While no work was done and no change is visible permit wise, there is a large stack of bricks now on the property. I am currently waiting on an Administrative hearing for the property.		
07/19/2019	Marco Ramos	Follow-up Inspection
The white blocks seen previously are still on the property as is a new storage unit not previously found. The property is awaiting an administrative court date.		
08/12/2019	Brian Eberwine	Information Update
A new complaint came in for work without permit being performed. That case CC19-164371 was closed as duplicate.		
08/21/2019	Marco Ramos	Follow-up Inspection
A storage container was found on this property along with the stack of bricks found on previous inspections. Currently, we are still waiting on the administrative hearing date to be set.		
09/19/2019	Marco Ramos	Information Update
This property is awaiting an administrative hearing date.		
10/24/2019	Khalid Marshall	Information Update
The owner for this property has changed. An email has been sent to ACD admin to update the owner information.		
10/24/2019	Khalid Marshall	Contact Performed
I was able to make contact with Mr. Steve W. Johnson at 512.845.5026. He stated that he has obtained his engineer drawings and would be starting his permit process tomorrow. I explained that I would be visiting the property and sending a new notice of violation if necessary.		
11/06/2019	Khalid Marshall	Follow-up Inspection
On 21091031 I stopped at this location and found that the property appears to be vacant. There was a storage container on the property that has graffiti on it. There are building materials being stored on the property.		
I checked for any permits for this property and found that there are no permits for this location.		
While at the front door I noticed through the glass in the front door that the inside of the structure was taken down to the studs. There is a Expired plan review PR 2016 051375 that shows that there were plans for a remodel which appears to have been started but has now been abandoned		
11/06/2019	Khalid Marshall	Send CV Notice
A notice of violation will be sent for the graffiti on the property, the work performed without a permit, and the building materials being stored on the premises.		
11/06/2019	Khalid Marshall	Contact Performed
Email sent to the owner to advise of violations found on the property.
